# ROCKET LAUNCHER: THE JET FACIAL

Three reasons you can't miss out on the signature 'rocket science' treatment at Jet Concepts.

## 1 AVIATION TECHNOLOGY AT ITS BEST

The Jet Facial took its name from the machine at the heart of its treatments – the Jet M machine. Developed by a Russian rocket scientist, it delivers active ingredients to the skin at supersonic pressure via a contactless handpiece. The results – visible improvements on facial wrinkles, acne scars and rough, scaly skin, because the body experiences a speed-up in its cell-renewal, wound healing and detoxification processes.

## 2 THINK OF IT AS THE 'AESTHETIC' FACIAL OF THE 21ST CENTURY.

As skin science progresses, women are looking beyond the usual beauty salon to meet their skin's specific needs. Not just a regular treatment, the Jet Facial reaches the inner layers of the skin for instant and far superior results. It cleanses with oxygen and saline, exfoliates, boosts lymphatic drainage and provides extraction benefits. Thoroughly and deeply cleansed, skin is prepped into an optimal condition to receive further benefits from your skin care.

## 2 EVEN BETTER, YOU CAN CUSTOMISE YOUR OWN JET FACIAL!

Go a step further beyond cleansing skin thoroughly – opt for a vitamin infusion to bring back the look of youth. Try a dose of Vitamin B5 to instantly brighten a dull visage, or a Vitamin A and E infusion to soften the look of fine lines and wrinkles.

*The Jet Facial is available at \$150 for a single 45-minute session at Jet Concepts (first-timers enjoy a special rate of \$88). Vitamin infusions are available for an extra \$20.*

### INSTANT BENEFITS

- 1 The oxygen and saline used leaves skin moist and supple.
- 2 Cleansing will take place even in the deeper layers of the skin because of the precision of the jet pressure, leaving skin cleaner and clearer.
- 3 It is hygienic because almost the entire procedure is contactless.
- 4 No downtime!

### JET FACIAL, STEP BY STEP

**STEP 1** As with all Jet Concepts treatments, the Jet Facial begins with lymphatic drainage for better circulation and to achieve optimal results.

**STEP 2** After lymphatic drainage comes the exfoliation stage. This step is essential in removing dead skin cells and dirt from the skin's surface as well as those hidden in the pores. Post-exfoliation, skin appears clearer and more lifted.

**STEP 3** No cleansing facial is complete without the removal of black- and white-heads. Instead of doing manual extraction, the Jet-M is used to perform suction in a more hygienic and effective manner.

**STEP 4** Once skin has been thoroughly cleansed, it absorbs vitamins and minerals better. An additional infusion of vitamin B5 will help brighten dull visages while vitamins A and E will help with those stubborn wrinkles.

## TREATMENTS AT A GLANCE, BEAUTY IN AN INSTANT

# SKINCARE TOPSELLERS

Casting the spotlight on our all-time faves!

**Spot White, \$19.80**

With double the Vitamin C prowess found in our other whitening products, it contains Ascorbyl Palmitate

to rapidly penetrate skin and Ascorbyl Glucoside for a slow-release and steady suppression of melanin synthesis.

**Purple Peel, \$96.80**

An all-in-one peel that moisturises, protects and nourishes, this owes its anti-oxidative properties to the purple orchid extract. Our homage to Singapore's

national bloom!

**Rejuvenating Peptide Mask, \$45 for three**

The equivalent of a Botox jab, this mask wraps copious amounts of muscle-relaxing argireline in a bio-cellulose sheet to diminish fine lines.

**Hydrating Clear Lotion, \$44.80**

Now you see pores. Now you don't - thanks to a pore tightening mushroom called Fomes

Officialis in this antibacterial two-in-one toner moisturiser.

## FACT SHEET

► Started in 2009, Jet Concepts provides results-driven yet cost-efficient treatments using top aesthetic devices.

► Our three-step philosophy is not "cleanse, tone and moisturise" but "epidermis, cellular layer, and collagen layer" – layers of your skin that need special care.

► We create our skincare products with love, using scientifically-proven ingredients and leaving out artificial fragrances and harsh ingredients.

► Our key product lines include Jet Clear for acne-prone and oily skin, Jet White to lighten and whiten, and Jet Defence to fight damage and boost skin health.

**Antioxidant Refining Touch, \$58.80**

The one antioxidant serum you need to fight against scavenging free radicals, this contains a high Vitamin

C concentration and makes for an awesome makeup base.

**Cell Protect Lotion, \$58.80**

UVA and UVB protection. Check. DNA defence properties. Check.

Physical and chemical shields against damaging sun rays. Check check check.

**Cell Renewal, \$66.80 (15ml), \$109.80 (30ml)**

A must-have nightly product that enhances collagen production, unclogs

pores, and removes dead skin cells.

**Sebo Clear Cleanser, \$23.80**

Great skin starts with proper cleansing. That means not drying skin up. This contains amino acids to keep skin moisturised while clearing

skin of oil and bacteria.

## MEDIA RAVES

A must-try, the Jet PureHyal is voted Most Hydrating Facial by both Singapore Women's Weekly and Harper's Bazaar.

*Her World* calls the Jet Cell Restore a "Super-Powered LED Facial". We couldn't agree more!
